_beambunch

beambunchclass::drift1
_beambunch

beamlineelemclass::
maplinear_beamlineelem

```
graph LR; A[beambunchclass::drift1org  
_beambunch] --> C[beamlineelemclass::  
maplinear_beamlineelem]; B[beambunchclass::drift1  
_beambunch] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. Both boxes contain the text 'beambunchclass::drift1' on the top line and '_beambunch' on the bottom line. Arrows from the right side of both of these boxes point towards a single box on the right. This box on the right is shaded gray and contains the text 'beamlineelemclass::' on the top line and 'maplinear_beamlineelem' on the bottom line.
